

WELCOME TO LAKE JUNALUSKA ASSEMBLY

As you arrive this year, you will be greeted by the newly completed Bethea Welcome Center at the main entrance. This building, named after Bishop Joseph and Mrs. Shirley Bethea, will serve as a place of hospitality for the thousands of guests to Lake Junaluska every year and will stand as a symbol of reconciliation for us at Lake Junaluska and the Southeastern Jurisdiction. All registration for housing on the Assembly grounds is now being done in the Bethea Welcome Center.

We want to thank the Western North Carolina Conference for your part in making the Bethea Welcome Center a reality. Several hundred persons from your conference gave leadership to the campaign and contributed to this wonderful building. We are grateful!

We continue to improve the facilities at Lake Junaluska in order to better serve you. We have begun to prepare Stuart Auditorium for future upgrades. This 95-year-old building has to be structurally strengthened in order to make future changes.

As always, we are honored that you are at Lake Junaluska. Let us know how we can serve you.

Jimmy L. Carr, *Executive Director*
